PROJECTS

STORE INTELLIGENCE SYSTEM | AI & Computer Vision [\[GitHub\]](#)

2026

- Built a retail analytics pipeline using YOLOv8n and ByteTrack to process 1,000+ real CCTV events and generate customer behaviour insights — deployed via Docker Compose.
- Engineered a Shopper Archetype Engine (5 categories) and Zone Opportunity Matrix; exposed 9 FastAPI endpoints validated by 33 pytest cases with 100% pass rate.
- Developed a real-time Chart.js dashboard using Server-Sent Events (SSE) to stream live store metrics, integrating the Claude API to auto-generate business narratives from 9 backend endpoints.

RETAIL SALES & CUSTOMER BEHAVIOUR ANALYSIS | Data Analyst [\[GitHub\]](#)

2026

- Analysed 1M+ retail transactions using Pandas and NumPy — cleaned data, engineered date features, and performed EDA revealing revenue trends and peak shopping patterns.
- Constructed an RFM segmentation model identifying 4 customer cohorts (Champions, Loyal, At-Risk, Lost) via SQL queries against the cleaned SQLite dataset.
- Delivered visual analysis across 6 business KPIs using Matplotlib and Seaborn, packaging insights into a structured Jupyter Notebook published on GitHub.

EXPERIENCE

Finance Manager | Software Development Club

Sep 2025 – Apr 2026

VIT Bhopal

- Managed club finances, budgeting approximately ₹50,000 across the annual fest's flagship event and multiple smaller tech workshops, ensuring efficient fund allocation.
- Coordinated with club leadership to maintain financial transparency, tracking expenses across 1 major fest event and several workshop-scale initiatives throughout the year.

Content Co-Lead | Software Development Club

Dec 2024 – Oct 2025

VIT Bhopal

- Directed content strategy for the Software Development Club's developer community at VIT Bhopal over 10 months, producing technical resources to drive member engagement.

Open Source Contributor | GirlScript Summer of Code

Oct 2024 – Nov 2024

Remote

- Delivered feature implementations and bug fixes across open-source repositories during a 2-month GirlScript Summer of Code cycle, participating in peer code reviews to uphold project quality standards.
